FEATURED SPEAKERS

Patrick Figures

Founder and CEO, Reticle Medical Billing

A career healthcare operator specializing in outpatient practice management, Patrick is a former HCA executive and previous administrator of one of the largest primary care groups in North Texas. In 2020 he founded Reticle to support independent clinics with resilient billing and operational systems. He continues to advocate for medical office managers, providing the tools and information they need to resolve administrative burdens, protect practice autonomy, and advocate effectively for their clinics.

Kera Geist

Billing Director, Reticle Medical Billing

A veteran medical billing specialist focused on increasing revenue for independent practices, Kera uses her expertise in billing best practices to empower clinics to defend against aggressive insurance payer tactics. She partners closely with office managers to capture earned revenue, eliminate billing errors, and protect the practice's financial health.
